NOTICE

How to Follow State Agency Rulemaking Action in the *State Register*

State agencies must publish notice of their rulemaking action in the *State Register*. If an agency seeks outside opinion before promulgating new rules or rule amendments, it must publish a **NOTICE OF INTENT TO SOLICIT OUTSIDE OPINION**. Such notices are published in the **OFFICIAL NOTICES** section. Proposed rules and adopted rules are published in separate sections of the magazine.

The **PROPOSED RULES** section contains:

- Calendar of Public Hearings on Proposed Rules.
- Proposed new rules (including Notice of Hearing and/or Notice of Intent to Adopt Rules without A Hearing).
- Proposed amendments to rules already in existence in the Minnesota Code of Agency Rules (MCAR).
- Proposed temporary rules.

The **ADOPTED RULES** section contains:

- Notice of adoption of new rules and rule amendments (those which were adopted without change from the proposed version previously published).
- Adopted amendments to new rules or rule amendments (changes made since the proposed version was published).
- Notice of adoption of temporary rules.
- Adopted amendments to temporary rules (changes made since the proposed version was published).

All **ADOPTED RULES** and **ADOPTED AMENDMENTS TO EXISTING RULES** published in the *State Register* will be published in the Minnesota Code of Agency Rules (MCAR). Proposed and adopted **TEMPORARY RULES** appear in the *State Register* but are not published in the MCAR due to the short-term nature of their legal effectiveness.

The *State Register* publishes partial and cumulative listings of rule action in the **MCAR AMENDMENTS AND ADDITIONS** list on the following schedule:

Issues 1-13, inclusive
Issues 14-25, inclusive
Issue 26, cumulative for 1-26
Issue 27-38, inclusive

Issue 39, cumulative for 1-39
Issues 40-51, inclusive
Issue 52, cumulative for 1-52

The listings are arranged in the same order as the table of contents of the MCAR.

PROPOSED RULES

Pursuant to Minn. Laws of 1980, § 15.0412, subd. 4h, an agency may propose to adopt, amend, suspend or repeal rules without first holding a public hearing, as long as the agency determines that the rules will be noncontroversial in nature. The agency must first publish a notice of intent to adopt rules without a public hearing, together with the proposed rules, in the *State Register*. The notice must advise the public:

1. that they have 30 days in which to submit comment on the proposed rules;
 2. that no public hearing will be held unless seven or more persons make a written request for a hearing within the 30-day comment period;
 3. of the manner in which persons shall request a hearing on the proposed rules;
- and
4. that the rule may be modified if modifications are supported by the data and views submitted.

If, during the 30-day comment period, seven or more persons submit to the agency a written request for a hearing of the proposed rules, the agency must proceed under the provisions of § 15.0412, subds. 4 through 4g, which state that if an agency decides to hold a public hearing, it must publish in the *State Register* a notice of its intent to do so. This notice must appear at least 30 days prior to the date set for the hearing, along with the full text of the proposed rules. (If the agency has followed the provisions of subd. 4h and has already published the proposed rules, a citation to the prior publication may be substituted for republication.)

Pursuant to Minn. Stat. § 15.0412, subd. 5, when a statute, federal law or court order to adopt, suspend or repeal a rule does not allow time for the usual rulemaking process, temporary rules may be proposed. Proposed temporary rules are published in the *State Register*, and for at least 20 days thereafter, interested persons may submit data and views in writing to the proposing agency.

The proposed amendments reflect changes in the statutes in 1979, 1980, and 1981; remove obsolete provisions and language; and enable the board to provide direction for the 1982 elections to individuals and associations required to register and file statements and reports with the board concerning campaign financing, economic interest disclosure, lobbying, conflicts of interest, representation disclosure, and hearings before the board.

A statement of need and reasonableness describing the board's reasons for each provision of the proposed rules and identifying the data and information relied upon to support the proposed rules is available from Mary Ann McCoy, Executive Director, Ethical Practices Board, 41 State Office Building, St. Paul, MN 55155; telephone (612) 296-5148.

Interested persons have until January 6, 1982, to submit written comments on the proposed rules. The proposed rules may be modified if the data and views submitted to the board warrant modification and the modification does not result in a substantial change in the proposed language.

No public hearing will be held unless seven or more persons submit written requests for hearing within the 30 day comment period. A person who desires a public hearing must submit a written request which identifies the particular provisions to which the person objects, the suggested modifications to the proposed language, and the reasons and data relied upon to support the suggested modifications.

Persons who wish to submit comments or a written request for a public hearing should send their comments or requests to Ms. McCoy at the address above.

Upon adoption of the final rules, without a public hearing, the proposed rules, this notice, the statement of need and reasonableness, all written comments received, and the final rules as adopted will be sent to the Attorney General. Persons who wish to be advised of the submission of this material to the Attorney General, or who wish to receive a copy of the final rules as adopted, should submit a written request to Ms. McCoy.

Please be advised that Minn. Stat. ch. 10A requires each lobbyist to register with the Ethical Practices Board within five days after he commences lobbying. Lobbying includes attempting to influence rulemaking by communicating or urging others to communicate with public officials. A lobbyist is generally any individual who spends more than \$250 per year for lobbying or any individual who is engaged for pay or authorized to spend money by another individual or association and who spends more than \$250 per year or five hours per month at lobbying. **Tax Court
Regular Division**

Arlo W. Huseeth,
Appellant,

v.

The Commissioner of Revenue,
Appellee.

Findings of Fact,
Conclusions of Law, and
Order for Judgment

Docket No. 3150

Order dated November 19, 1981.

This is an appeal from an Order of the Commissioner of Revenue dated May 26, 1980, relating to income taxes for the calendar year 1978, which was later amended by the commissioner on January 12, 1981.

The matter came on for hearing before the Honorable John Knapp, Chief Judge of the Minnesota Tax Court, at the Grant County Courthouse, Elbow Lake, Minnesota, on May 18, 1981.

R. E. T. Smith, Attorney at Law, Wahpeton, North Dakota, appeared for Appellant.

Thomas K. Overton, Special Assistant Attorney General, appeared for the Appellee.

The loss carry-forward issue initially raised by the appeal was resolved by the Commissioner's Order dated January 12, 1981, as indicated at the trial.

The factual issue raised at trial regarding the allocation of the federal tax deduction has now been resolved. The Order dated January 12, 1981, correctly allocates the deduction.

The only remaining issue is the computation of the \$32.00 minimum tax under Minn. Stat. § 290.091. The taxpayer claims that Minnesota's minimum tax preference items illegally taxes preference items associated with depreciable assets located outside Minnesota.

Findings of Fact

1. In 1978 Appellant had net long term capital gain arising from the sale of depreciable real estate located outside Minnesota.
2. Under Minn. Stat. § 290.01 (1978), subd. 20, that gain is taxed by Minnesota.
3. In this case the amount of gain for Minnesota tax purposes was less than the gain recognized for federal tax purposes because the Minnesota basis of the asset was higher than the federal basis. (The Minnesota basis was the cost less the 1978 depreciation. The federal basis was the cost less depreciation for 1978 and prior years.)
4. Because the Minnesota gain was less than the federal gain, a portion of the net long term capital gains deduction provided by I.R.C. Sec. 1202 (a tax preference item) was, in effect, not allowed for Minnesota tax purposes. Minn. Stat. § 290.01, subd. 20(b) (2).
5. The Commissioner determined that Appellant owed Minnesota minimum tax. Appellant disagreed and this appeal followed.

Conclusions of Law

Appellant owes Minnesota minimum tax equal to 40 percent of his federal minimum tax multiplied by the ratio of his Minnesota tax preference items to his federal tax preference items.

Order for Judgment

The Commissioner's Order is Affirmed, and judgment is entered accordingly. A 15 DAY STAY IS HEREBY ORDERED.

By the Court,

John Knapp, Chief Judge
Minnesota Tax Court

Memorandum

During 1978 the taxpayer sold certain assets, one of which was a depreciable asset located outside Minnesota. For federal income tax purposes the net gain reportable in 1978 was \$21,196 long-term capital gain. One-half this amount, \$10,598, is a federal tax preference item and was included in the computation of the federal minimum tax.

This Court has already held that the Minnesota minimum tax imposed by Minn. Stat. § 290.091 must be construed to include a tax benefit rule. *Fussard (Estate of Florence C. Seeger) v. Commissioner*, Minn. Tax Ct. No. 3183, July 30, 1981. We decline the commissioner's invitation to reconsider that decision because in this case the commissioner's method of determining the minimum tax effectively incorporates the tax benefit rule.

The tax benefit rule is stated in I.R.C. Sec. 58(h). The details of the rule are to be set forth in regulations promulgated by the U.S. Treasury Department.¹ The rule clearly states the intent not to impose minimum tax on tax preference items which do not in fact reduce or defer taxes.

In this case the commissioner's application of an allocation formula has implemented the tax benefit rule. In calculating the Minnesota minimum tax, the commissioner first calculated the taxpayer's federal minimum tax liability using the taxpayer's federal tax preference items under the Internal Revenue Code as amended through December 31, 1976.² This step is clearly mandated by statute.³ The commissioner multiplied this amount by 40%, again as directed by statute. Finally, the commissioner multiplied this amount by the following ratio:

$$\frac{\text{Items producing Minnesota tax benefit}}{\text{Federal tax preference items}}$$

This ratio is based upon the statutory direction to multiply 40% of the federal liability "by a fraction the numerator of which is the amount of the taxpayer's preference item income allocable to this state pursuant to the provisions of Sections 290.17, subd. 1, to 290.20, and the denominator of which is the taxpayer's total preference item income for federal purposes." In this case the numerator of the fraction was one-half the Minnesota net capital gain. The denominator of the fraction was one-half the federal capital gain. Applying this ratio results in a fair allocation of tax preference items between Minnesota and other taxing jurisdictions and a fair allocation of tax benefits. Minnesota's minimum tax is imposed only in proportion to the items producing a tax benefit for Minnesota taxes.

The taxpayer objects to the use of the taxpayer's federal tax benefit items to determine the amount of the federal minimum tax. The taxpayer would have the commissioner determine the federal minimum tax only on Minnesota tax preference items. However, the commissioner's procedure is in accord with the statute which refers to the federal minimum tax as determined under federal law. Only after this is determined does the statute provide for allocation of a portion of the tax to Minnesota. The commissioner has followed the statutory scheme and the result is fair. The tax benefit rule requires no more than fairness.

It is interesting to note that if we adopted the taxpayer's position, then the taxpayer could have \$499,950 in tax preference items (\$9,999 in each of the 50 states),⁴ and not be subject to state minimum tax under statutes like Minnesota's because he would not have more than \$10,000 in any one state. This result would be inconsistent with the intent of the statute as enacted and is not required by application of the tax benefit rule.

Decisions Filed Wednesday, November 25, 1981

Compiled by John McCarthy, Clerk

50806/Sp. Norman A. Kopperud, *et al.*, v. Joe S. Agers, *et al.*, defendants and third-party plaintiffs, Appellants, Clyde Dinnell, Sr., *et al.*, defendants and third-party plaintiffs, v. Gerald Flaby, third-party defendant. Fillmore County.

The trial court correctly concluded that plaintiffs made a prima facie showing of facts justifying exercise of personal jurisdiction under the long-arm statute and the due-process clause.

¹ I.R.C. § 58(h): "Regulations to include tax benefit rule. The secretary shall prescribe regulations under which items of tax preference shall be properly adjusted where the tax treatment giving rise to such items will not result in the reduction of the taxpayer's tax under this subtitle for any taxable years."

² Minn. Stat. 1979 § 290.01, subd. 1, refers to the Internal Revenue Code as amended through that date.

³ Minn. Stat. § 290.091 provides that the Minnesota minimum tax "shall be equal to 40% of the amount of the taxpayer's minimum tax liability for tax preference items pursuant to the provisions of . . . the Internal Revenue Code."

⁴ Federal minimum tax applied only if tax preference items exceeded \$10,000.

Pollution Control Agency Solid and Hazardous Waste Division

Notice of Request for Proposals for Emergency Clean-up Action at a Hazardous Waste Burial Site in Isanti County, Minnesota

The Minnesota Pollution Control Agency (MPCA) is issuing a request for proposal (RFP) for excavation, repackaging and removal to a U.S. Environmental Protection Agency (EPA) approved hazardous waste landfill for the equivalent of approximately 1,000 drums of hazardous waste and contaminated soils.

In addition to the excavation, repackaging and removal of waste materials, the MPCA is seeking a separate proposal for the installation of three residential wells four inches in diameter to a depth of approximately 300 feet. The residential wells are all located in the community of West Point in Isanti County, Minnesota.

It is intended that two separate contracts will be awarded for the above tasks. Contractors may bid on one or both contracts. If a contractor wishes to bid on both, two separate bids should be submitted. Funding has been appropriated by the EPA to the MPCA for the excavation, repackaging and removal operation which is to begin immediately upon the awarding of the contract. The installation of the residential wells, however, will be based upon possible future appropriations from the EPA and a separate contract will be awarded at that time.

Pursuant to the provisions of Minn. Stat. § 15.0412, subd. 6, an agency, in preparing proposed rules, may seek information or opinion from sources outside the agency. Notices of intent to solicit outside opinion must be published in the *State Register* and all interested persons afforded the opportunity to submit data or views on the subject, either orally or in writing.

Department of Commerce Banking Division

Bulletin No. 2488: Maximum Lawful Rate of Interest for Mortgages and Contracts for Deed for the Month of December, 1981

Notice is hereby given that pursuant to Minn. Stat. § 47.20, subd. 4a (1980), the maximum lawful rate of interest for conventional home mortgages for the month of December, 1981, is seventeen (17.00) percentage points. Further, pursuant to Senate File No. 273, chapter 373, 1980 Session Laws, as it amended Minn. Stat. § 47.20, the maximum lawful rate of interest for contracts for deed for the month of December, 1981, is seventeen (17.00) percentage points.

It is important to note that this maximum lawful interest rate does not apply to all real estate loans and contracts for deed. Under Minnesota's interest rate moratorium, which is identical to the Federal Usury Preemption, in most instances any rate may be charged on real estate mortgages and contracts for deed that constitute first liens.

The maximum rate is based on the Federal National Mortgage Association November 24, 1981, auction results and an average yield for conventional mortgage commitments of 16.890%. Current rates regarding this monthly publication are available by telephoning the Banking Division 24-hour information number (612) 297-2751.

Notice of Addendum to Notice of Intent to Adopt Rules without a Public Hearing

In the November 30, 1981 issue of the *State Register*, on page 1048 (6 S.R. 1048), a joint notice of intent to adopt rules without a public hearing is published by the Department of Public Safety and the State Board of Education. The rules published as part of this notice constitute a single publication of what are actually two sets of rules: 11 MCAR §§ 1.0080 through 1.0084 (Department of Public Safety) and 5 MCAR §§ 1.0220 through 1.0225 (State Board of Education). The two sets of rules are identical with one exception, which is noted here:

In the last line of 5 MCAR § 1.0222 C., an amendment is made changing "driving" to "driver," as shown in the published rule. This change is made in the State Board of Education version of this rule to conform it to existing language in the Public Safety version of the rule.

Minnesota Pollution Control Agency

Recommendation by the Director to Certify Proposed Solid Waste Disposal Sites in Carver County as Intrinsically Suitable

Notice of and Order for Hearing

It is hereby ordered and notice is hereby given that an information-gathering hearing concerning the intrinsic suitability of the proposed solid waste disposal sites in Carver County will be held by the Minnesota Pollution Control Agency (MPCA) pursuant to Minnesota Laws of 1981, chapter 352, § 41 on Wednesday, December 9, 1981, at the Chaska High School Auditorium, located in the Carver-Scott Cooperative Center Building, 401 E. 4th Street, Chaska, Minnesota 55318, commencing at 2:00 p.m. An evening session will be held at 7:00 p.m., also on December 9, 1981, at the same location in order to provide an opportunity to participate to those who cannot attend the day session.

The hearing will be held before David Kuduk, 1200 Soo Line Building, Minneapolis, Minnesota 55402, telephone (612) 339-9242, a hearing examiner appointed by the chief hearing examiner of the State of Minnesota.

The procedures to be followed at this hearing were published in the *State Register* on July 13, 1981 (6 S.R. 55). A copy of these procedures may also be obtained by contacting the MPCA at the address noted below.

Carver County has provided to the MPCA data relating to the intrinsic suitability of five sites proposed for its solid waste disposal site inventory. The director of the MPCA has made a preliminary recommendation that the following sites be certified as intrinsically suitable for sanitary landfill sites because they can reasonably be expected to qualify for MPCA permits assuming certain conditions are met:

Site A/B. This site consists of 240 acres in Sections 17 and 20, T115N, R23W, in the City of Chaska. The site is irregularly shaped and is bounded by 82nd Street and McKnight Road on the east. The northeast portion of the site is located in the southeast portion of the University of Minnesota Arboretum. West of the intersection of 82nd Street and McKnight Road, 82nd Street runs through the site and eventually forms the northern boundary of the western ¼ of the site. This site can reasonably be expected to qualify for MPCA permits assuming the following conditions are met: a liner and leachate collection system are constructed; adequate screening is provided; fill is not placed in the Type III wetland; and, adequate slope management and drainage control are provided.

Site C. This site consists of 248 acres in Section 19, T116N, R23W, and Section 24, T116N, R24W, partially in Laketown Township and partially in the City of Chaska. The site is bounded by 86th Street on the north, the extension of Kochia on the west and is bisected north-south by Bavaria Road. The southern boundary of the site is approximately 1,000 feet north of Lake Bavaria. This site can reasonably be expected to qualify for MPCA permits assuming the following conditions are met: a liner and leachate collection system are constructed; adequate screening is provided; surface water runoff and runoff are controlled; and, perched water is drained.

Site D. This site consists of 255 acres in Section 23, T116N, R23W, in the City of Chanhassen and is bounded on the north by County State Aid Highway (CSAH) 18 (Lyman Blvd.). The eastern boundary of the site is approximately ⅓ mile west of Minnesota Highway 101 and the western boundary of the site is approximately ⅓ mile east of CSAH 117. This site can reasonably be expected to qualify for MPCA permits assuming the following conditions are met: a liner and leachate collection system are constructed; adequate screening is provided; muck and peat deposits are either excavated and drained or fill is not placed in areas with such deposits; and, surface water runoff is controlled.

Site U. This site consists of 175 acres in Section 7, T115N, R24W in Dahlgren Township approximately one mile northeast of the City of Cologne. The site is bounded on the west by Township Road T-19 and on the east by Township Road T-115. The southern boundary of the site is approximately ½ mile north of U.S. Highway 212. This site can reasonably be expected to qualify for MPCA permits assuming the following conditions are met: a liner and leachate collection system are constructed; adequate screening is provided; and surface water runoff is controlled.

The director of the MPCA has made a preliminary recommendation that the following site *not* be certified as intrinsically suitable because an eleven-acre wetland is located in the center of the proposed fill area and the site could not be developed without an adverse impact on the wetland. Therefore Site Q cannot reasonably be expected to qualify for an MPCA permit:

Site Q. This site consists of 202 acres in Sections 15 and 16, T116N, R24W in Laketown Township approximately ½ mile south of Minnesota Highway 5 between Turbid Lake and Carl Krey Lake. The site is bounded on the west by Laketown Township Road 137 (Laketown Road). Abandoned Chicago and Northwestern R.R. tracks form the northern boundary on the western portion of the site and bisect the northeastern portion of the site.

The director's recommendations are based on the data submitted by Carver County and applied against criteria contained in

SW 6 and additional criteria adopted by the MPCA on June 23, 1981. The MPCA Staff has not independently verified the data submitted by Carver County. The director's recommendations may be revised based on information submitted at the hearing.
